

Fall Safety Festival

Mitigation and Response Seminar

September 4 10:00AM-12:00PM (lunch included)

This course reviews mitigation practices for water and fire losses, including smoke damage and deodorization. The class, appropriate for school district Maintenance Directors and Administrators, is presented by Servpro of Sonoma County NE. Register with Christine Dektor (cdektor@resig.org; 707.836.0779x110).

AHERA Class III Asbestos Work Refresher Training

September 18 8:00AM-12:00PM

This course meets refresher training requirements for Class III Asbestos Work trained employees who disturb small amounts of asbestos. Register with Will Davis (wdavis@resig.org; 707.836.0779x107).

Cal/OSHA 10 General Industry

October 2 8:00AM-4:00PM (lunch included) and **October 3** 8:00AM-11:00AM

This course covers specific CA and Fed OSHA requirements as they apply to general industry work sites and teaches safety awareness to help in recognizing and reducing the risk of hazards. Upon successful completion, participants will be awarded the 10-hour General Industry card. Target audience is Maintenance and Operations Directors and staff. Register with Christine Dektor (cdektor@resig.org; 707.836.0779x110).

AHERA Local Education Agency (LEA) Designee Training

October 10 8:00AM-4:00PM (lunch included)

Every LEA must designate an individual responsible for ensuring compliance with asbestos regulations affecting schools. This course meets AHERA requirements for the training of that designated person and covers basic asbestos awareness and information specifically targeted to the responsibilities of LEA designated persons, such as record keeping involved with management plans, how to interpret management plans, how to plan abatement jobs and calculate costs, management plan audits, and how to prepare for an EPA inspection. Register with Will Davis (wdavis@resig.org; 707.836.0779x107).

All classes will be held at RESIG: 5760 Skylane Blvd., Ste 100, Windsor, CA 95492
