

FINDING A NETWORK DENTIST

Here is what you need to know!

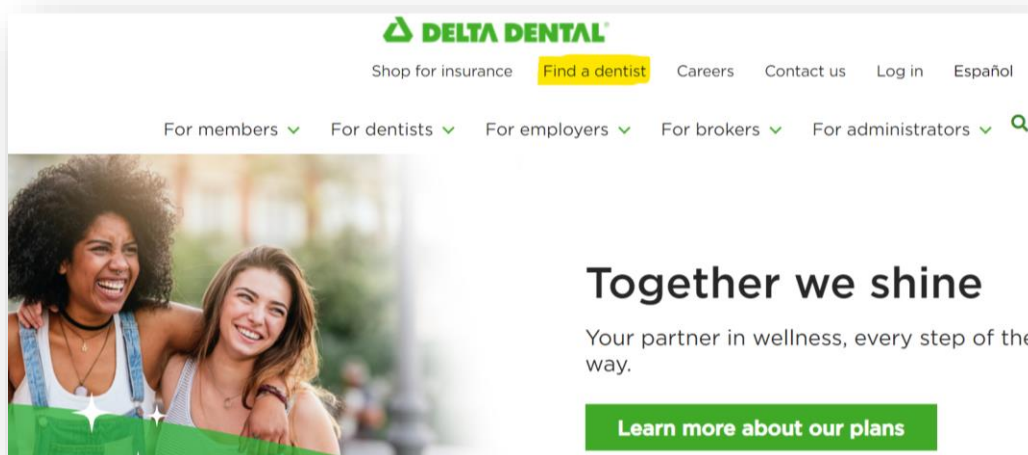

When it comes to Delta Dental, you receive more than just exceptional dental benefits – you also get great value. Delta Dental gives you the power of choice with access to two networks: **Delta Dental PPO** and **Delta Dental Premier**. Providers in the PPO network have the lowest negotiated fees, resulting in the lowest cost for you. On the other hand, the Premier Network has more providers, but their negotiated fees are higher, so your cost may be a little higher, however you still have protection for no balance billing because of the Delta network.

It's easy to look for a Delta Dental dentist in your area. Whether you're on a laptop, desktop computer, tablet, or smartphone, we've got you covered. On the site you can search by distance, specialty, language spoken, if they have extended hours, if they are wheelchair accessible and more. You are also able to browse Yelp ratings and reviews from real patients, for that peace of mind when selecting your dentist.

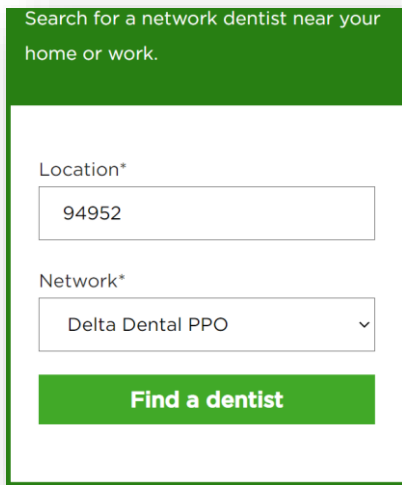

Just follow the steps below to look for contracted dentist in your area.

How to search:

1. Go to: deltadentalins.com You should see the web page below. Click on “**Find a dentist**”

2. On the next screen you'll need to enter Location information, and select your network from the drop-down menu, either **Delta Dental PPO** or **Delta Dental Premier**. Keep in mind that your benefits will go further with a PPO dentist, as Premier dentists have moderate savings for visits outside the PPO network. See the screenshot below:
